Exclusions

What's not included in the health plans

Our International Health Plans are designed to cover treatment of medical conditions that respond quickly to treatment – known as acute conditions. Like most health insurance policies, there are a number of exclusions and limitations on the plans and this is just a summary of the most significant exclusions and limitations:

- Pre-existing medical conditions; options to include these are available for company schemes of five or more
- Routine dentist check-ups for Standard, Comprehensive or Prestige plans (available as an optional upgrade to Comprehensive and Prestige plans)
- Routine pregnancy and childbirth on Standard or Comprehensive plans (available as an optional upgrade to Comprehensive plans for corporate schemes only)
- Preventative treatment
- Ongoing, recurrent or long-term treatment of long-term illnesses (usually referred to as Chronic conditions) if you have the Standard plan
- Any treatment costs incurred as a result of engaging in or training for any sport for which you receive a salary or monetary reimbursement, including grants or sponsorship (unless you receive travel costs only).

Full details of what members are and are not covered for are provided in the membership handbook, or are available on request.
